Other Information

	Please use this text box to provide any comments regarding the data submitted in this report (optional, no limit).
23.	<p>We receive one test result for students in the Cosmetology Program, Esthetician Program and Barbering Program. So even though the college has 4 programs that have licensure passing rates (Nursing, Cosmetology, Esthetician, and Barbering) we only have two passing rates.</p> <p>With the release of the LaunchBoard data through doing what matters, the college is now using data from the LaunchBoard instead of using Perkins data, which was historically less reliable. However, there is a time lag in employment data, which is why the most recent year is not available for employment data.</p> <p>Although the College has 748 courses active in the Catalog, the College has</p>

only offered about 559 courses each academic year. If we are looking at the assessment of courses offered, the College has an assessment rate of close to 97%. The College's curriculum committee recognizes the challenge of having courses active that are not assessed because they have not been offered and are continuing to work on suspending or retiring those courses.
