Program Review **Purpose**

"Program review is the process through which constituencies (not only faculty) on campus take stock of their successes and shortcomings and seek to identify ways in which they can meet their goals more effectively. It is important to note here that the task of identifying evidence-based successful practices, and sharing these practices college-wide, is far more important than the negative perspective of trying to ferret out ineffective practices" -Academic Senate for California Community Colleges, 2009-

Data Driven Decision Making

- · Continual improvement
- · Evaluation of program resource needs
- · Fiscal stewardship and transparency
- · Culture of evidence

Program Review Reporting Cycle

- 1. Program Review will be conducted every two years beginning Fall semester 2021.
- 2. Department Chair/Originator will be given feedback at each step in the process.
- 3. Data provided by ORPIE, including statewide data for success given to departments the first week of October (October 8, 2021).

 Originator: The originator owns this information (usually the Department Chair). The document is "locked" unless sent back.(October 22, 2021).
- 4. Department Chair: If the Department Chair did not submit the document, it will go to the Department Chair for general feedback (November 1, 2021).
- 5. Dean/Supervisor: The Dean/Supervisor provides feedback in a single text box. The Dean/Supervisor may send back to the Department Chair if something needs to be changed. (November 8, 2021).
- 6. IEC: IEC provides feedback for a technical review. (November 15, 2021).
- 7. CCD: provides feedback on curriculum or instruction section. (November 22, 2021).
- 8. Vice President: The identified VP provides feedback and can send the document back for edits (December 1, 2021).
- 9. Review: The Department Chair incorporates the feedback and resubmits. The Dean/Supervisor can send back if there is still something missing (January 31, 2022).
- 10. Submission: Once the originator (Department Chair) submits the document, it will be locked (February 11, 2022).
- Committee Reviews: Requests for funding will be sent to committees for their review (February 11, 2022). Reviews by committees must be submitted to Planning and Budget by March 15, 2022.
- 12. Hiring Deadline: Approved requests for faculty positions will be provided by the Executive Team (February 25, 2022).
- 13. Hiring Deadline: Ratings for classified professional positions will be provided to the Executive Team by April 22, 2022.
- 14. Funding Deadline: Planning and Budget will make determinations on Categorically funded requests (April 22, 2022).
- 15. General Funds and Classified positions: Items funded through general funds and available Classified Professional Positions will be determined (October 7, 2022).

Important Update

Some people have expressed concerns about losing information after being logged off. There are some ways to avoid this

- 1. Please type your information into a Word document and then past the information here.
- 2. At the bottom of the page, there is a "Save Progress" button. That button can be very useful. However, if you have already been logged out due to a time error, it won't actually save the information to your account. To check to see if you have been logged out, a better approach is to click the "Previous" button. This will take you to the previous page AND it will save what you have typed on the current page. If you had been logged off, you will be immediately notified.

Identify challenges and successes v	vith respect to mode of deliver	v and/or technology. For instructional pro	grams, address any differences between	n on-

campus and distance education.

*PSCI has been teaching in various modalities for years. Prior to COVID, we did not see major difference between on-campus and distance education.

- We have offered fully online, hybrid and fully on campus; LCF and regular size classes. We rotate
 electives in and out of the schedule (i.e., 185 Spring only) and are sure to also rotate modality (i.e., 185 Sp 20
 online, 185 Spring 21 on campus).
- The new LiveONLINE modality was not a problem and will be added into our schedule.

The problem we face is that there are not enough regular size (45 students) on campus classrooms sufficient for us to offer a balanced schedule; lack of technology including Chromebooks and Smart TV.

Program Review Curriculum

After a thorough review of your courses, provided by CCI...

Do you have any courses that have not been updated to CCI within the required timeframe (6 or more years for a transfer-level-course; 3 or more years for a CTE course)?

- ′ Yes
- No

Do any of your SLOs use the exact wording as the course objectives?

(SLOs should be written to reflect and encompass the course objectives while not using the exact same language as the course objectives)

- Yes
- No

Are there courses in your Program (Degree/Certificate) that have not been successfully offered since the last Program Review? (Please note, classes that were cancelled, they were not successfully offered).

- * © Yes
 - No

Do you have active courses that are not part of a degree or certificate?

- * © Yes
- No

Please indicate the name of the course(s) and the name(s) of the certificate(s) or degree(s) you intend to connect it to when you submit your revision to CCI.

Once we finalize the above, we will make multiple options available for faculty to complete.

How are you using your Program SAOs/SLOs to improve your program outcomes? (If you are not actively using SAOs/SLOs to improve program outcomes, discuss how you plan to do so in this coming Program Review Cycle.)

PSCI faculty continue to assess SLOs and use this data to improve our modalities, class sizes and teaching strategies.

Our course SLOs have been mapped to our Program SLOs. Unfortunately, these have not been connected given the technology available in TRAC DAT. We will work with Administration to get this connected.

Program Review Goals and Requests for Funding

Requests - If you are requesting any of the following, they MUST be addressed within your Department goals.

- Faculty
- · Equipment, Facilities, Technology
- Support Staff

(When you click that you need any of the above (Faculty, Equipment, Facilities, Technology or Support Staff) you will be provided the appropriate form on subsequent pages of this document)

Vision 2030 Goals Legend

- 1. Enrollment: GWC will increase credit and noncredit enrollment while providing efficient academic programs and student services
- 2. Equity and Success: GWC will support, enhance, and develop equity-minded services and academic programs that lead to student success.
- 3. Completion: GWC will ensure students' timely completion of degrees and certificates by providing high quality academic programs and student services.
- 4. Workforce Preparation: GWC will support student success by developing and offering academic programs and student services that maximize career opportunities.
- 5. Facilities: GWC will provide flexible, accessible, and sustainable learning environments that support the success of students, faculty, staff, and communities.
- 6. Professional Development: GWC will support the success of all employees by providing professional development opportunities that focus on the achievement of College Goals.
- 7. **Communication:** GWC will effectively communicate and collaborate within the College and its communities.

Goals from Previous Program Review Cycle

Please refer back to the goals from your previous Program Review cycle and summarize all outcomes for each goal.

Summary and Outcomes of Previous Goals (from the last Program Review), including resource requests and if they were funded or not.

These goals were for our entire department which at that time included Economics, Political Science,

Psychology and Sociology.

Goal #1: Hire a new f/time Political Science and a new f/time Sociology faculty member to help promote Political Science and Sociology, and in the case of the Sociologist, to help create a new Social Justice ADT.

- Complete: Hired PSCI faculty; Social Justice ADT completed and approved.
- Incomplete: Lost our full-time Sociologist and are now requesting two hires

Goal #2: Offer additional core disciplinary courses in a non-LCF modality.

Complete: Offering non-LCF courses; reduced LCF capacity with increased success rates.

Goal #3: Improve our Distance Education courses and begin offering fully online programs.

Complete: All PSCI faculty will have completed Level II training by Spring 2022 (Dr. Powell was just hired and will complete by Spring 2022.) PSCI Programs can be offered fully online.

 Incomplete: Most PSCI COR DE Addendums have been updated. Remaining COR DE Addendums will be updated by Spring 2022. 	
Goal #4: Collaborate with faculty within our Division and create a more effective divisional schedule. Complete: PSCI, ECON and SOC (Social Science Departments) have a well-balanced schedule.	
Incomplete: M. Bowlby had initially created a proposal for a divisional schedule (Social Sciences,	
Psychology, Liberal/Cultural) which was rejected by the former VPI.	
Goal #5: Provide adequate support to our students (LCF, disproportionate success gaps).	
Complete: SIA support is still being maintained.	
Incomplete: Success gaps, especially for LatinX and Veterans still need to be reduced.	
Goal #6: Create a Social Science building/complex/hub and make our classrooms conducive to learning,	
including better technology.	
 Incomplete: Requested but were denied purchase of laptops on a rolling cart; requested but denied smart TV on a rolling cart; requested but denied a hub, more classrooms and a building.

1st Equipment/Technology/Facilities/Professional Development Request

TYPE OF FUNDS REQUESTED (Note: This form CANNOT be used for any personnel requests, including faculty, classified, and hourly positions.) Please only select one type of request.

Equipment (Technology)

C Equipment (Non-Technology)

- Facilities (e.g., improvements/repairs to classrooms, offices, and spaces)
- Other (e.g. conferences, funding for professional development)

Please note that all requests will need the following information:

- · Sales tax
- · Installation fee
- Training fee
- · Service life agreement/maintenance/fee

Approved requests over \$10,000 will need 3 quotes before purchase.

Total dollar amount for this request:

* \$ 1

Does this request address a clear health and safety issue?

*

Yes

○ No

What is the health and safety issue? How long has this condition existed? Have any work orders been submitted for this issue and when? What are the consequences if not funded?

The first floor of the Administration (Admin) building is sinking and currently vacated. It can easily become a nesting ground for all sorts of rodents. It is unlikely that the rest of the building is structurally sound.

How long has this condition existed?

Several years.

Have any work orders been submitted for this issue and when?

Reportedly engineers have checked on the Admin building. The date and conclusion of these reports are not public, nor is there evidence of ongoing inspections.

There may be proposals to retro fit the existing building, demolish the Admin building while keeping the Business Building with a new required elevator, demolish the entire complex (Admin and Business) and/or build a new building.

What are the consequences if not funded?

Unsafe for students, faculty and staff.

Program Needs: What program conditions support the need for the requested funds, and how does this request address those needs? Please provide data to support the need for this request.

Thousands of students each semester walk through the hallways of the current deteriorating building – Administration (Admin) Building. In this building is housed one of the largest divisions (Social Sciences, Psychology, Liberal Arts/Culture departments).

The need for an appropriate facility for this large and efficient division is glaringly apparent and yet has been overlooked both by the previous administration and in Vision 2030. GWC needs to revisit Vision 2030 and explore the feasibility of a Social Sciences Building, as it relates to: productivity, contribution, learning, support of programs across campus, participation and engagement, student support and transformation via education, and faculty support and morale.

This division offers many of the most demanded and efficient classes and programs, yet there is not adequate space in the Admin building. This building is seriously outdated and poorly represents our college. It is also in serious disrepair. The first floor is sinking and vacated. The second floor lacks classroom space—space that is clean and safe. The current building does not facilitate a sustainable learning environment, nor does it support the success of our students.

This division's students would greatly benefit from a 21st century learning environment, including clean and safe classrooms with new technology, faculty offices and a place outside of the classroom where students can collaborate with their classmates and professors, similar to the STEM center "hub." Currently, only some of the college students in certain majors have this type of learning environment. This is inequitable. Creating this new learning environment for thousands of the college's students will help to reduce inequities facing our marginalized student populations. This could/should be included in planning of the new facility.

Support of College Goals: How does this request align and directly support the College's Goals? Please cite the college goal or strategic priority that the requests will support. Please describe how this request (if funded) will lead to the improvement of Key Performance Indicators associated with the College goals.

College Goals:

Learning Environments

Golden West College seeks to provide a safe, welcoming, and supportive environment to benefit students, faculty, staff, and the community.

Resource Optimization

Golden West College optimizes financial resources, facilities and technology to enhance student learning and success.

Equitable Achievement

Golden West College seeks to close any identifiable student achievement gap while promoting and recognizing the diversity and contribution of all individuals.

Outcomes/Key Performance Indicators

Increase in

PACE indicator - structure

CCSSE - faculty interaction

Course Completion

ADT/AA Degrees UC and CSU Transfer

Efficiency

Contributions to Other College Operations: Will the item requested benefit and/or serve other departments, programs, or plans? If so, how?

This division offers required courses for transfer (U.S. History/American Gov't) and/or courses required for other degrees (i.e., Nursing, Business, Education).

This division offers 12 AATs, 1 AA and 1 Certificate of Achievement; three Statistics course options and a Consumer Math option (equity); three Area B science courses; numerous area C/3 and D/4 courses many which AAM

This division, therefore, serves a large portion of our students and is unique in that it reaches across many academic areas

A facility dedicated to this division will, therefore, benefit thousands of students, other departments and programs.

Demonstrates long-term cost savings or improves program efficiency or effectiveness: If funded, how will this contribute to long-term cost savings for the college or improve program efficiency and effectiveness?

*An investment in a new facility for this division will bring a positive return to our college. Increase in enrollments in these efficient programs helps generate FTES; additional FTES is necessary to reach the level of a mid-size community college which includes a large financial incentive (around \$500,000/year).

The increased state money (i.e., apportionment, AAT completion, other degree completion, transfer, retention) generated by these programs provides additional money needed to subsidize under-funded college programs.

<u>Please rank this request against your others.</u> For example, if you are requesting 3 equipment/facility/professional development requests for this program, you could put a "2" in this box, a "1" in the next box, and a "3" in the final request box. This will help later reviews better understand the needs of your program and your preference for hiring. If you only have 1 request, please put a "1" here.

Supervisor's Review

As the supervisor of this program, I have reviewed this request.

- No concerns
- I have concerns

Comments:

Excellent report and argument.

For deeper credibility and impact, please change \$100,000,000 to the following, or the like - "revisit Vision 2030 and explore the feasibility of a Social Sciences Building, as it relates to: productivity, contribution, learning, support of programs across campus, participation and engagement, student support and transformation via education, and faculty support and morale..."

General Information

You have finished your Program Review! Your supervisor, IEC, and (possibly) CCD will review your submission and provide feedback.

Please note, you will only be able to edit this form again if it is returned to you from your supervisor or your VP. Please stay in touch with your supervisor, if you receive feedback that you wish to incorporate.
